

# AWAI Accelerated Program for Six-Figure Copywriting Member Lands Two Projects Before Completing the First Installment

## *By Katie Yeakle*

*"I'm not even done with the first installment and I'm booking clients!"*

That's a quote from AWAI's *Accelerated Program for Six-Figure Copywriting* member, Tim McAuley.

Tim recently joined the program at the beginning of January and is just making his way through the first installment of the program and incredibly is already booking clients.

Check out the full note from Tim below to see how he did it ...

This course ROCKS!

Ok, I gotta admit that I jumped the gun a little ... errr a lot.

The first night I got access to the course I read the first installment and barely skimmed the exercises. About 1/2 way through Installment 2, it dawned on me that this stuff is GOLD.

So I went back and started over. This morning made the 3rd time for the NY TIMES letter.

Thank you for the 90 Day Success Plan.

I copy and pasted it to my Google Calendar. Maybe you can update to interface, not sure, but that would be cool.

Anyhow.

Last night, impatience got the best of me, so I skipped to the last installment "You're a Copywriter!"

And today, I decided to craft my "Hey I'm so green that you're getting a good deal" letter and I sent it through Facebook to a SUP company's head of Marketing.

IT WORKED!

He gave me the rundown on two projects, and said he'll contact me next week to hammer out the details and discuss my compensation!

Hell, I'm not even done with the first Installment and I'm booking clients!

Thank you!!!

I'll let you know how it goes.

Stay stoked

Tim McAuley

AWAI Member Since January 2014

Congratulations Tim! It's that kind of drive and enthusiasm that makes a successful freelance copywriter.

There's no better way to get a jump-start into freelance copywriting than learning from the best, under the guidance of the Accelerated Program.

That's the real beauty of this program: The folks who work hard to apply the lessons it teaches and who systematically practice what they've learned ... they start to see success immediately.

Like these guys ...

- ***Kieran D. boosted his income from \$18,000 to \$50,000 in two years.*** Kieran was struggling to make \$18,000 a year writing fiction books and articles for newspapers. But within two years of completing the program, he was making \$50,000 a year as a copywriter ... and now he can devote the majority of his time to his first love: writing stories for young adults.
- ***Beth E., a former seamstress from Minnesota, earned more from her first copywriting assignment — which only took her two days to complete — than she used to make in three weeks hemming pants.*** "I've made WAY more so far this month than I did in my best month of tailoring ... and I live in rural Minnesota," she says. "If I can find work here, AWAI members shouldn't have trouble finding work anywhere."
- ***Jason G. was selling pizza slices ... barely covering his rent ... before he discovered copywriting.*** Now he's living and working as a freelance copywriter and traveling and living overseas in places like Paris ... New York City ... Cambodia ... Miami Beach ... Dublin ... Panama City ... even an island off the coast of Thailand ...
- ***Michael S. went from earning \$1,000 a week to \$10,000 a month.*** A college dropout, Michael had a small business that was puttering along before he took AWAI's program. Now it has really taken off. He says: "I thought I was a pretty smart copywriter, making \$1,000 a week with my 'niche' specialty, writing space ads. But just one concept learned from Mark Ford — the Four U's® — has rocketed my little at-home business into the \$10,000-a-month club."

I can't guarantee you'll become a highly-paid copywriter. That is entirely up to you ... and how well you apply the simple lessons and techniques this program teaches.

But I can say with confidence that it will deliver to you all the tools you need to make it happen ... including the jobs.

There are thousands of stories from us about people leaving the rat race, clearing a little spot on a table at home for their laptop, and earning a very nice living writing from home – so they can finally have all the time for the things they enjoy most: family, travel, hobbies – you name it.

And don't forget the *freedom!* That's what folks who take this path tell us they cherish the most ... the fact they can work when they want, for whom they want, from wherever they want.

If you've ever once thought, "I'd like to have that one day" ... then this is your opportunity.

And right now, during a special limited-time offer you can get access to our industry renowned *Accelerated Program for Six-Figure Copywriting* for just \$197 – that's a \$300 savings off the regular program price of \$497.

Plus, when you order before midnight on February 10<sup>th</sup> 2014, not only will you save \$300, but you'll also get special access to AWAI's *Accelerated Income Goals System: Smashing Down the Roadblocks to Your Success* written by Dr. Joe Vitale, successful copywriter, personal success guru, and star of the movie "*The Secret*."

This unique program has helped several AWAI copywriters boost their productivity and their income. Mindy McHorse credits Dr. Vitale's writings with helping her add \$10,000 to her bottom line ... and they could do the same for you. The *Accelerated Income Goals System* is normally \$129, but you'll get it completely FREE when you order the new *Accelerated Program* by midnight Feb. 10th.
