

Brand New! Dan Kennedy's "Never Out of Work" Program!

Ever since we've been working with Dan Kennedy, he's been steadfast about one thing:

Most copywriters don't do the "client thing" right.

Sure, we put up our websites, network, and use Spec Assignments to get our feet in the door ... and many AWAI'ers have gone on to success doing it this way.

But Dan has a better way ...

It's a very unique and highly effective "Feeder System" he's developed that virtually guarantees he has more clients than he could ever handle.

Ten years in the making, it's a system that lets him:

- **Choose the clients** he wants to work for
- **Dictate the terms** of every deal
- And **maximize the income** from every project he takes on

It's very impressive ...

And not only is he revealing it to you for the first time ... *he's offering to help you build a similar model for your burgeoning freelance business.*

"But I'm not Dan Kennedy," you might be saying ...

Not to worry. **As he points out in his letter**, Dan Kennedy wasn't the legend of the marketing world he is today before he started using this strategy ...

And now he never makes less than a million dollars a year ... doing *exactly* what you're setting out to do now.

If interested in Dan's client feeder system – **which is currently on sale for \$1,000 off** – [check out this letter from Dan](#).

I would hurry, though ...

The \$1,000 savings ends December 5th at midnight!
